

**Leadership Counsel for Justice and Accountability,
a Project of the Tides Center**

Leadership Counsel for Justice and Accountability (LCJA) was created to fundamentally shift the dynamics that have created stark inequalities in California's low income, rural regions. Based in the agriculturally rich San Joaquin and East Coachella Valley's we will work *alongside the most impacted communities to advocate for sound policy and eradicate injustice to secure equal access to opportunity regardless of wealth, race, income, and place.*

Our experience in rural regions of this state California has taught us that as long as the most vulnerable populations remain silent and silenced environmental degradation will continue, infrastructure will crumble, and the most basic of services and amenities will remain beyond the reach for those in need. And, state policies will continue to further disadvantage low income, rural communities through funding formulas and eligibility criteria that favor wealthier regions.

Through our team of community organizers, policy advocates and attorneys we ensure that historically disadvantaged communities share in the benefits of growth and investment. In particular we aim to impact land use and transportation planning, public investment priorities, environmental policy, and promote the provision of basic infrastructure and services

In partnership and collaboration with local and statewide advocates, **Leadership Counsel for Justice and Accountability** will reverse trends that have reigned throughout our history and will systematically and comprehensively eliminate the inequality and deficiencies that plague this state.

We are seeking a full time Policy Advocate to be based in Bakersfield. Please see job description attached. If you are interested in applying please submit a cover letter and resume to Veronica Garibay at vgaribay@leadershipcounsel.org . Position open until filled.

Job Title: Policy Advocate

Reports to: Co-Directors

Job Status: Exempt
